

## A VINDICATION SOUGHT BY CITY COUNCILMEN

Predictions That They Will Have a Hard Time  
in Proving the Law Has  
Been Obeyed.

### THE CITY'S VALID DEBT SHOULD BE PAID

The special meeting of council to be held this evening for the purpose of transacting general business will be one of the most important of the year. The members will make a valiant attempt to protect their action on several questions over which there has been much dispute relative to the city's finances, and as their vindication lies wholly on an open and clear statement, the result of the meeting will be of great interest.

In proving themselves innocent of any intentional wrong-doing there are several questions that the councilman body should answer at tonight's session.

First, does not the resolution upon which the recent issue of bonds were made say that there exists valid and legal outstanding indebtedness to the extent of \$92,925, and did not council itself declare this?

Second, is there not today valid and legal outstanding indebtedness of the city that could be and should be paid? If there is, how can council legally use any of this money to go ahead with any improvement no matter whether it be good, bad or indifferent?

It is believed that both Auditor Davidson and Treasurer Horton are trying to keep their actions strictly within the law, but it is also believed that they are either misinformed or being misled, for how can they certify that there is money in the treasury unappropriated to any fund, when as a matter of fact, it is understood there is not enough money on hand to run the city government until the first of the year? The \$2,000 for repairs at the city hall and the amount ranging from \$1,000 to \$2,000 for equipment of the Northside fire station cannot be lawfully taken out of the bond issue, no matter what the merits of each are, so long as there is a dollar of legal outstanding debts.

Council is warned that its method of conducting the municipal affairs does not vary in the least from that adopted by former councils who have placed the city in its present embarrassing condition. Particular improvements were desired by certain councilmen and they were pushed through without regard to manner or means.

It is not believed that Mayor Weaver.

## NEW COAL MINE HAS BEEN OPENED

An Industry at North Georgetown of  
Much Importance to  
That Village.

Lisbon, November 17.—(Special).—William Kelly, who has 100 acres under lease, has opened a new coal bank on the J. A. Dellenbaugh farm near North Georgetown, which will be a substantial aid to the business interests of that town. Other mines opened in that vicinity could not be worked on account of too much water, but this difficulty is not present in the new mine, and with a three and one-half foot vein, Mr. Kelly expects to develop the mine into a valuable industry.

D. A. Bartges, who is on the jury here, brought with him yesterday afternoon a chunk of the first coal taken out, and gave it to Judge Firestone, of Lisbon, who is said to be interested in the venture. Before the opening of the mine there was no coal mine in operation within three miles of North Georgetown.

## WORKING FOR RIGHT OF WAY

The Wabash Planning to Run an Extension as  
Far as Empire.

H. H. Smith, of Toronto, was in this city last evening and to a reporter of the News Review outlined the designs of the Wabash railroad, for which he is now securing the right of way along the extension from Steubenville up the river to a terminus about one mile above Empire or to the Stratton Fire clay company's new plant. At the present time the right of way has been secured as far up as Croxton's, and the company is rushing the work in securing a right along the river just at and below Freemans' mill. It is very narrow and with the contemplated extension of the Steubenville trolley line it was a race to see which would get the franchise from

the county commissioners first. Mr. Smith is making every effort to get a franchise for his road, which, when completed, will put those works in a position that they will not be dependent upon one railroad for shipping; in other words, will give them a competing line. When springtime comes there will be a rush to have this branch of the great Wabash system completed so as to have it a feeder for the trunk line. The class of freight that is here in this valley is a very desirable class and railroad companies are very anxious to get it.

Regarding the probability of an extension to East Liverpool, the Wabash man declined to talk.

## THE ATTORNEY GENERAL RENDERS AN OPINION

Exactly Sustains the Position of the News Review as  
to the Illegality of Certain Appropriations  
By Council.

Complying with the request of Solicitor George E. Davidson, Attorney General Sheets has rendered a negative decision on the question whether a city council has the legal right to appropriate money from the water works revenues to other funds for the purpose of carrying on the general running expenses of the city.

The decision was received in the city this morning. An attempt was made to get a copy of it, but for several reasons the important manuscript is to be withheld from the public temporarily.

A member of the sinking fund was advised as to the contents of the attorney general's letter and he states

that the position taken by the News Review on the question is upheld in every respect. According to the informant, the city council, in the opinion of the attorney general, cannot appropriate money dumped into the treasury by the water works department to the running expenses of the city.

As was contended in last evening's issue of the News Review, if council has not authority for appropriating the money of the water works to any other fund, the body must surely be in an embarrassing position. It is, according to the city auditor, involved to the extent of \$10,000 or in the neighborhood of that amount. Were a de-

mand to be made by the board of public service for the amount it must be forthcoming, and who must furnish it? Surely the city will not be compelled to stand back of the deficiency.

It is understood that the auditor, upon being apprised of the attorney general's decision, was still not satisfied. It is said he insisted that the decision was not complete and that a more thorough explanation should be asked. Notwithstanding that the result seems plain to the others who have been informed as to the decision, the solicitor agreed immediately to forward another more complete question and the answer will have to be accepted as law.

## BULLET FIRED INTO A SLEEPING ROOM

NARROW ESCAPE FOR THE OCCUPANTS OF THE HOUSE.

Riotous Italians Who Spread Terror  
in the East End Are  
Being Sought.

Feeling hilarious from their ptations at down town saloons, a number of Italians wantonly terrorized the home of S. J. Ammon, near the new plant of the Anderson Porcelain works, by firing a number of shots into one of the upstairs rooms. It was only by fortunate chance that Mr. Ammon and the members of his family escaped being struck by the bullets and the capers of the Italians have aroused the indignation of all of Mr. Ammon's friends and neighbors. The police are particularly anxious to locate the culprits.

The Italians had been down town, returning on a street car at about 7:30 o'clock in the evening, apparently much the worse for their libations. Leaving the car near the Ammon home they started to ascend the hill to the north of the track in order to reach a height about level with the second story windows a bullet came crashing through the glass and into the room. Mrs. Ammon heard the noise and thinking the lamp had exploded, hurried up stairs. Her little son was sleeping on a bed in the room. The lamp, sitting on the corner of the mantel, was burning as usual, and Mrs. Ammon could not determine what had made the noise.

A short time later, when Mr. Ammon was standing at the corner of the mantle, a bullet whistled past him and buried itself in the wall. Badly frightened, Mr. Ammon hurried down stairs, out of range.

The bullet was found imbedded in the wall this morning and Mr. Ammon had it with him, when he reported the occurrence at the mayor's office this morning. Chief Wyman has detailed Officer Fisher on the case.

## THE COUNTY JAIL A DANGEROUS ONE

Board of Visitors Again Strongly  
Condemns the Structure  
at Lisbon.

## A CATASTROPHE IS FEARED

From a Staff Correspondent.

Columbus, November 17.—"Some terrible catastrophe or wholesale jail delivery will happen to awaken the public to a sense of duty if the people of Columbiana county do not supplant their present jail with another safe and up-to-date," says the board of visitors of Columbiana county in their annual report filed with the board of state charities.

The jail is criticised severely and the unwillingness of the county to build another greatly deplored. The following excerpt from the report reveals the opinion of the board on the jail:

"Of all the institutions we are called upon to visit, the county jail is the only one of which we are ashamed. It is well kept, but it is unfit to be inhabited and has been for years. It is dark, damp, poorly ventilated and badly heated by stoves, to which the prisoners have access, and several times has been set on fire by reckless prisoners. A year ago one woman confined there was so badly burned that she died shortly after being taken from her cell.

"The matter of a new building and plans for successfully remodeling the old one have all been turned down. The grand jury has been appealed to and the matter put to a county vote, only to be defeated. Every board of visitors for years has deplored the condition of the jail, but so far it has availed nothing.

"Some terrible catastrophe or wholesale jail delivery will happen to awaken the people to a sense of duty. The present arrangement of cells makes it necessary to place the young with the hardened criminal, and there are no means of proper separate confinement of male and female."

The infirmary was visited October 29 and found in first-class order. A new barn for housing crops and a new porch to the main building have been added during the year. Over 1,000 bushels of potatoes were raised. There are 115 inmates, 85 males and 30 females. Twenty-eight are idiots and 12 incurable insane. Supt. Riddle and wife, who have charge of the institution, are competent and give general satisfaction.

Fairmount Children's home at Alliance, supported jointly by Columbiana and Stark counties, is in a flourishing state. The number cared for during the year was 216, and the present population is 126. There was but one death. The new sewage disposal plant,

## TWO ARRESTS FOR LARCENY

AND ONE FOR PROFANE LANGUAGE ARE PROMISED.

Tom Smith Wanted for Stealing Clothing And Another Man for Appropriating Coupons.

At least three arrests are to be made some time this afternoon or evening. Two of them will be of people charged with larceny and one with using profane and indecent language.

A man known to the police by the name of Tom Smith is wanted for obtaining an overcoat under false pretenses and for confiscating an overcoat and an undercoat and vest. It is alleged that he entered the store of Thomas Pearce, in the Pearce & Cartwright building, this morning and bought an overcoat. As payment he gave an order on a local business firm. After the man had got out of sight Mr. Pearce telephoned to the firm and discovered that Smith had no money coming to him. Mr. Pearce then summoned Officer Pat Woods and later reported the matter to Chief Wyman. It is also alleged that Smith is the same man who stole a coat and vest from a local barber a few days ago. The clothing was recovered, but the alleged thief will be charged with stealing them.

Jack Bradley is wanted on a charge of stealing 300 tobacco coupons. It is alleged that he took them and sold them for 50 cents per hundred. The real value of them was \$1 per hundred. Officer Saulsberry is looking for Bradley.

Charles Skiles is wanted for swearing and using abusive language in the barber shop of Fred Furrer the other evening. It is alleged that he got into a chair and commenced uttering numerous oaths when a dispute arose as to how the barber was shaving him.

## ONE MAN INJURED BUT NOT BY SHOTS

Mysterious Shooting Started Residents in the Vicinity of Grant Street.

Several pistol shots fired in rapid succession in the vicinity of Grant street last night, startled the people of that neighborhood and led to the belief that mischief was being done. An investigation, however, failed to disclose the cause of the shooting or the parties responsible for it.

Frank Thornberry, bench boss at the Dresden pottery, resides on Grant street, and the noise made by the shooting sounded as though it was just outside the door. Mr. Thornberry had not yet retired, and when he heard the shots made a rush for the door. He is a very tall man, and in the excitement failed to stoop under the chandelier as was his custom. His head came in contact with the lower portion of the light hanger, and he was severely injured.

A deep gash was cut in his forehead and the chandelier was completely de-

## DEATH LIKELY TO RESULT FROM PICKING A PIMPLE

Clem Williamson Dying as the Result of Interfering With a Small Sore.

### MAN WHOM MISFORTUNE HAS FOLLOWED

Clem Williamson, of Chester, is reported dying today. He considers himself one of the most unfortunate individuals who was ever born, and all who are intimately acquainted with him will not dispute the claim. From the time Williamson was born it appears he has been followed by misfortune and ill-luck until he has learned to expect nothing else.

Williamson was recently employed at the Chester plant of the American Tin Plate company. Previous to moving to Chester he was a resident of Sistersville, W. Va. His career was one long succession of failures. Everything he undertook met disaster or defeat, and adversity met him at every turn. His condition was ten fold more unfortunate since he was a married man with a wife and children looking to him for a livelihood. When he moved to Chester, Williamson was deeply in debt, with little likelihood of his ever being able to pay his obligations. He was industrious, sober and careful, so when he was given an opportunity to locate permanently at the tin mill he went to work with a will. He remained at his post early

and late, often working three shifts straight away in order that he might have a little money left from the actual living expenses to apply to his debts.

Early last week Williamson was annoyed by a small eruption of the skin resembling a pimple. He picked the sore with his finger nail while at work and it became inflamed, probably from the poisonous tin on his fingers, and the spot rapidly became dangerously inflamed and he was compelled to give up his employment and remain at home. Within a few hours the unfortunate man's condition became dangerous, his face and head had swollen to twice its normal size, and the pain he endured was something terrific. For days he has neither slept nor eaten, and now his life is despaired of. Two physicians have been in constant attendance, and yesterday Dr. W. N. Bailey, of East Liverpool, was called in.

Williamson's courageous spirit and indomitable will is all that has saved him from death heretofore, as he has met with enough reverses previous to his becoming ill to discourage any one.

## MOTION TO DISMISS WAS OVERRULED

A Case in Which Stone Belonging to New Waterford Village Had Been Appropriated.

Lisbon, November 17.—(Special).—

In the case of the village of New Waterford vs. J. A. Benzenhoeffer, a motion to dismiss the case for want of jurisdiction over the defendant was overruled. The action grew out of the alleged unlawful appropriation by defendant of stone belonging to the village. Replevin proceedings were begun before a justice of the peace, and neither of the parties being present when the case was called, the justice entered a decree for the plaintiff by default. From this decision the defendant appealed to common pleas court, and now asks the court to dismiss the case for want of jurisdiction. Judge Hole held that while the finding of the justice was erroneous, and the common pleas court would probably not have had jurisdiction otherwise, the appellant should have filed a petition in error instead of appealing the case if he wanted to take advantage of the defects complained of.

## NO WORK FOR THE JURY

Cases Assigned For Next Week Will All Be Heard By the Court.

Lisbon, November 17.—(Special).—Cases will be assigned for hearing in court here the first three days of next week. The cases assigned will be all tried by the court, however, and there will be no work for the jury until the following week.

The case of the city of East Liverpool against James H. Grafton and others will be assigned for next Tuesday.

## Motion Overruled.

Lisbon, November 17.—(Special).—Judge Hole gave opinions when court opened this morning in two cases in which motions had been filed. In the case of Seskind Katz et al., of Baltimore, Md., vs. George Seldner et al., a motion to dismiss the action for want of jurisdiction over the persons of the defendants, who live in Baltimore, Philadelphia and New York city, was overruled.

## COAL MINING ON LITTLE BEAVER

New Railroad Siding and Up-to-Date Coal Handling Machinery to Be Provided.

The Island Run Coal company is completing its new coal mine and tippie up Little Beaver creek and will soon put out coal for the market. The company is building a 700-foot siding on the opposite side of the creek from the mine, which lies up the hillside 1,200 feet from the bed of the creek. The tippie, fitted with the most modern improvements for rapidly loading cars with coal, is also located along the siding. The coal is transferred to the tippie by a strong wire cable carrying a bucket which holds about a ton of coal.

A long siding will be built from the C. & P. tracks to the mine, and will be independent of the street railway line that runs up through the romantic and wooded section. The length will be about two miles. The company now has ten new coal cars lying on a portion of the siding which will be used in transporting the coal out to the C. & P., when the mine is fully placed in operation. A large force is now employed in the construction of the siding and foundations of the tippie, and the work will be pushed most vigorously.

The coal vein is over four feet in thickness and of the finest quality of coal. The mine is located just on the edge of Beaver county. The company has a great deal of the coal lands of the section purchased outright, and has an option on quite a number of lands adjacent.

It will employ about 50 men when the mine opens and this will be increased to about 100 later. A large number of mules will be employed for the present in hauling out the coal from the mine. No machinery will be placed as yet of an electrical character. This will probably be a later feature after the mine is in successful operation. The company intends to operate the mine on a large scale, and many of the officials are also connected with the East Liverpool railway. The new industry up that way will also afford opportunity for building a new little town, which will afford a good deal of traffic for the street railway, and the romantic beauty and scenery along the route will attract many visitors upon the completion of the street railway line the coming summer.

From this decision the defendant appealed to common pleas court, and now asks the court to dismiss the case for want of jurisdiction.

Judge Hole held that while the finding of the justice was erroneous, and the common pleas court would probably not have had jurisdiction otherwise, the appellant should have filed a petition in error instead of appealing the case if he wanted to take advantage of the defects complained of.

The coal vein is over four feet in thickness and of the finest quality of coal. The mine is located just on the edge of Beaver county. The company has a great deal of the coal lands of the section purchased outright, and has an option on quite a number of lands adjacent.

It will employ about 50 men when the mine opens and this will be increased to about 100 later. A large number of mules will be employed for the present in hauling out the coal from the mine. No machinery will be placed as yet of an electrical character. This will probably be a later feature after the mine is in successful operation. The company intends to operate the mine on a large scale, and many of the officials are also connected with the East Liverpool railway. The new industry up that way will also afford opportunity for building a new little town, which will afford a good deal of traffic for the street railway, and the romantic beauty and scenery along the route will attract many visitors upon the completion of the street railway line the coming summer.

### NOVELTY WEARING OFF.

From the developments of the past week it seems that the novelty of the new pottery towns is wearing away. There have been several instances recently of potters who had accepted out-of-town jobs returning to this city, even after their families and household effects had been moved to the new places of employment. While the new towns have not drawn upon the population of this city noticeably, the exodus has now about ceased and many dissatisfied ones are returning.

A few days ago Frank Bennett and John Cunningham, who gave up good positions here to go to the new Popo-Gosser plant at Coshocton, returned to this city, after a short and unsatisfactory experience. Both are good, steady workmen, the kind the employer values highly. It is hinted that all is not lovely at the new plant and that there has been considerable dissatisfaction. The distribution of the work has given rise to a great deal of criticism of the management and there have been other reasons for complaint.

The gentlemen named will find employment here.

In other new towns East Liverpool potters are realizing the disadvantage of being away from the pottery center, though no unfavorable shop conditions are reported.

## YOUR BRAIN NEEDS BLOOD

It Cannot Run Without Fuel—Dyspeptic Stomach a Poor Fireman.

If you want a strong, active brain, you must take care of your stomach. Brain workers are always the first to suffer from indigestion and dyspepsia. They are also first to give way under the strain.

An active brain requires plenty of rich, red blood. Dyspepsia shuts off the blood supply. Food cannot digest—cannot yield nourishment.

Take a Rexall Dyspepsia Tablet each evening and you'll do three times as much work the next day. It will put your stomach right, get your bowels into condition and fill your arteries with good blood.

### BUSINESS MAN TELLS HIS EXPERIENCE.

is running to its fullest capacity, having 26 journeymen pressers and plenty of orders.

The china works have at last shut down. The clay hands got hurry-up orders Wednesday to quit. The kilnmen and dippers are still working until they get the ware all through to the glost warehouse. No one seems to know when the plant will start up again, but it is the opinion of the writer that when it does start up there will be a new manager.

At the Shenango things are simply on the jump. Two new jiggers were started yesterday. Walt Smith will operate one, making seven-inch festoon plates, cups, soups and turned bowls. This will leave the cup maker to make only cups and will employ another turner and handler. McGee, from the china company, will be the new turner, and Bill Bagley, cup handler.

Bill Hope, from the china works, is sticking-up after the big jigger, and Nockey Amos has gone on pressing.

Charles Conley, late of Peoria, and Bart Brown, from East Liverpool, are working on the glost.

The firm wants one extra bisque kiln and two glost a pay, which will make seven bisque and eight glost.

Tom Fitzgerald starts on the jigger this week. This will mean one or two more stickers-up.

### REPORTS TRADE GOOD.

William Queer, warehouseman at the Crooksville China company's plant, a former resident of Wellsville and an employee of the Burford pottery, East Liverpool, was in Columbus Sunday.

He reports trade as being active with his firm. In fact, it is impossible to fill all orders and it has been necessary to countermand some. The new Acme China company is now ready to make ware. The employees of the two potteries are largely from East Liverpool, though most of the other pottery towns are represented.

Crooksville is growing and will soon boast of electric light. This luxury is to be supplied the town by the Acme China company, whose pottery includes much modern equipment and affluents as an electric plant. Crooksville is yet without paved streets, but with its rapid expansion this improvement is bound to come before a great while. There is a steady stream of visitors at the potteries, to whom the making of white ware is a process of deep interest.

### CAMBRIDGE ART WARE.

Clarence B. Marter, of New York, representing nearly a dozen manufacturers, has a capital display of the products of the Cambridge Art Pottery company. Natural colorings or conventionalized, by employing only the form, are utilized in the flower facies, and character studies of Indian heads, or other national types are effectively employed, while pastoral and grazing subjects are treated with sufficient cleverness to suggest reproductions of Millet and Manet originals.

city, says an exchange. He has thus far succeeded in having samples of the clay submitted to a test in the manufacture of earthenware and brick. These tests were made by men who have had years of experience in both the manufacture of earthenware and brick.

Reports from East Palestine state that a plant will be erected in that city that will manufacture both earthenware and brick, providing the citizens or property owners are sufficiently interested to give the same liberal support. It is not stated whether the support will be in the way of a bonus or stock. This matter will be taken up in a practical way in a short time and it is thought that the property owners and well-to-do citizens will do everything in their power to secure the industry.

### MAKING IMPROVEMENTS.

The Globe pottery, one of the two remaining plants in the East Liverpool Potteries company, has been undergoing some extensive improvements. A new three-story frame addition to that part of the plant near the decorating kiln, is just being completed, giving much more space at a point where it has been badly needed. As was announced some time ago the offices of the company are to be removed to the building as soon as possession of the present office building is given the recent purchaser.

### A COMPLICATED CASE

Growing Out of a Dispute Over the Estate Held for a Ward.

Lisbon, November 17.—(Special.)—Court convened at 1 o'clock yesterday afternoon, and after hearing motions and demurrers in several cases, the case of George Wymer as guardian of Mary Wernet, an imbecile, vs. J. Wernet, came up before the court.

The plaintiff qualified as guardian of Mrs. Wernet in the probate court of Stark county, on October 18, 1899. William Wernet, the husband of the ward, to whom she was married February 21, 1880, died January 28, 1901. During the time of their coverture the husband owned 79 acres in Hanover township, Columbiana county, and now the defendant, Joseph Wernet, claims to hold an estate of the deceased William Wernet in these premises. The plaintiff asks that a reasonable dower in the premises may be bequeathed and assigned to his ward.

A similar petition was filed by the same plaintiff against William A. Wernet, concerning another tract of 100 acres in Hanover township, and both cases will be disposed of on the strength of the evidence in one case. After hearing the evidence in the case, Judge Hole took the matter under advisement.

LIGHTNING PLAYED  
A QUEER PRANK

STRUCK A PIT COVERING, CAUSING QUITE A BLAZE.

Storm Last Night Wrought Damage to East End Lighting Wires And Delayed Car Traffic.

Lightning, unusual for this season of the year, played a queer prank in the East End at about 10 o'clock last night, and as a result the East End fire department was called upon to fight a most peculiar blaze. The lightning flashes and thunder rolls, accompanying the heavy rain, had been remarkably vivid and heavy for more than an hour, but no damage had been done.

At about the hour stated a flash more vivid than those that had preceded, struck the small coop-like structure at the corner of Mulberry street and Ohio avenue, used to protect the gates and regulators of the two gas companies. Immediately the structure was in flames and a call was sent to the fire department. The wooden structure covered a pit perhaps six feet deep, covering the regulators, by which the entire East End gas supply is controlled. The heat from the burning wood had made the pit like a fiery furnace when the firemen arrived. Realizing the danger to the gas supply and the serious result that would follow if the valves were melted, the firemen fought with desperate energy and soon had the flames extinguished.

It was found later that only small damage had been done to the pipes or valves and this was repaired by the men from the company, who were sent in response to a message from Captain Terrence. The firemen worked under difficulties, as the lighting system became affected from the storm and the lights went out just as they started to lay their line of hose.

The storm wrought considerable damage over the East End. Near the old McKinnon homestead, on Pennsylvania avenue, a number of electric light wires became crossed and burned fiercely until straightened out by the company's men.

The crowing joy of womanhood is motherhood and the crowing joy of motherhood is to have healthy children. But there can be no joy in motherhood without health, and without health for the mother there can be no health for the child.

It is of vital importance for women to know that the health of mother and child is in general entirely within woman's control. The thousands of women who have used Dr. Pierce's Favorite Prescription have testified that it made them healthy and happy in the days of waiting, made the baby's advent practically painless, and gave them health to give their children.

Mrs. W. J. Kinder, of Hill Dale Farm (Enochsburg Center), Enosburg, Vt., writes: "During the past year I found myself expecting maternity, and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. Took twelve bottles of Doctor Pierce's Favorite Prescription, and also followed your instructions. I began to improve immediately, my health became excellent and I could do all my own work (we live on a good sized farm). I walked and rode all I could, and enjoyed it. I had a short easy confinement and have a healthy baby boy."

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

ue company's men.

The track of the East Liverpool railway was covered with mud and water along parts of Pennsylvania avenue and near Frye's restaurant a car jumped the track. No damage was done beyond a delay of an hour in street car traffic.

Fortunately the water in Lake run, although quite a torrent, was confined to its banks and the bridges and streets escaped damage.

FRAUD IS ALLEGED  
IN SALE OF BOILER

Ormes Bros., Machinists, Sue the Pettlers, of Beaver Falls, For \$295.

Suit has been entered in the court of Justice L. W. Carman by B. A. Ormes & Sons, machinists on First avenue, against P. Pettler & Sons, dealers in second hand boilers, engines, etc., whose plant is located at Beaver Falls. The amount asked is \$295 and fraud and misrepresentation are alleged. The necessary papers have been served and the case set for hearing November 21 at 10 o'clock.

Ormes Bros., some time ago, purchased a boiler from the Pettlers, to be used in drilling an oil well for the Stacey company, three miles south of Toronto. B. A. Ormes viewed the boiler at Rochester but did not make a close inspection. He claims the Pettlers assured him that the boiler was in good condition. When the boiler arrived at Toronto, Mr. Ormes examined the inside and found that the tubes had rusted. It was tested, however, but when a pressure of 40 pounds of steam was reached there was an explosion.

The plaintiff claims to have been damaged to the amount prayed for in the transaction. Attorney J. E. Davis is the plaintiffs' attorney.

home as the result of an accident that occurred last night during the storm. Mankin is suffering with a broken wrist and will be laid up for a week or more.

The injury was sustained through a fall from a rear porch at his home. He had started to descend the steps, but in some way missed his footing and plunged forward. It is thought that the step was water soaked from the heavy rain.

Dr. W. E. Mowen was called and found that Mankin had sustained a fracture to the left wrist. The fracture was reduced and the injured man made as comfortable as possible.

## Measles Cases Increasing.

The physicians of the East End deny the report in a morning paper that the epidemic of measles is abating, and state, to the contrary, that it has been growing worse. There are at least 20 cases and more are appearing every day. Miss Lottie Smith, of St. George street, teacher of grade No. 3 at the East End school building, is one of the latest victims. She is confined to her home and a substitute is attending to her school duties.

## Moved to East End.

James Johnson, the well known expressman, whose fine residence back of Pleasant Heights was destroyed by fire about a month ago, has become a resident of the East End. A short time ago Mr. Johnson purchased one of the fine houses recently erected by Robert Hailes and has moved his family to it. Mr. Johnson will be welcomed to the East End.

## Entertained at Finch.

SCHILLER MAY NOT  
GET A NEW TRIAL

Depends on Supreme Court Whether He Will Be Executed or Tried Again.

Columbus, November 17.—(Special.)—Suspended as if by a thread is the life of Michael Schiller, the former Salem man, who murdered his divorced wife at Youngstown, and who is now awaiting execution in the penitentiary. The circuit court granted him a new trial, but Prosecutor W. R. Graham, of Mahoning county, where Schiller was convicted, has asked the supreme court for leave to file a petition in error, asking that the decision of the circuit court be reversed. Should the court grant this and sustain the petition of the prosecutor, Schiller's death sentence would stand.

The man's crime was brutal in the extreme, and Judge Lauble, who dissented from the opinion of his two associates on the circuit bench granting Schiller another trial, in his dissenting opinion declared that if there was ever a man who deserved to stretch hemp Schiller should. The circuit court held it was an error for the trial judge to fall to tell the jury the circumstances under which a pardon could be secured in case of conviction. Many attorneys of high standing are disposed to question this view and anticipate the supreme court will not hold it to be sound. Should it follow that the court will take this position, Schiller will go to the chair under his first trial. The original date for his execution was November 10.

## AT THE THEATER

Wilson Barrett's greatest play, "The Sign of the Cross," will be presented on a scale of rich magnificence at the Grand Saturday night. Messrs. Fred G. Berger and R. G. Craerlin, who have purchased "The Sign of the Cross" for the United States and Canada, have spared no expenses to keep their presentation of this great drama up to the high standard set by Mr. Greet in his years of success with this play in this country, and to this end the new managers have retained in their original roles many of the most distinguished members of Mr. Greet's company. The cast numbers 40 players, each chosen for special adaptability to the requirements of this powerful play.

When the curtain rises at the Grand next Friday evening the audience will get a little bit of Homeville, N. Y. On one side of the road is a bank and opposite it a pretty little cottage with its verandas covered with old fashioned vines and its yard filled with geraniums, sweet William posies and other flowers. A little in the background is a big barn and a horse trough. The bank is the one operated by David Harum; the house belongs to Aunt Polly Bixbee and the barn is Harum's property. Needless to say the play is "David Harum," a dramatization of the popular book. Much interest has been taken in the production of the play, and the audience will doubtless test the capacity of the house.

Al W. Martin's \$30,000 production of "Uncle Tom's Cabin" will appear at the Grand on Thursday night with matinee Thursday afternoon. Mr. Martin has successfully solved the problem of combining the old and the new "Uncle Tom's Cabin" into a big spectacular play that leaves out nothing worth retaining of either the straight method or the circus method. All the worthy features of the old landmarks are retained, while the thread of the story has been cleverly reconstructed, making it more coherent.

"Foxy Grandpa" played to a packed house last night. E. J. Groh, as grandpa, assisted by two clever little boys, furnished the fun, as well as presenting several good specialties, and were ably assisted by a strong company of artists. The musical program was received with great applause.

Mr. Charles Porter, a broker of No. 227 West Federal street, Youngstown, Ohio, as a man of prominence, has been in business in Youngstown for 27 years. Mr. Porter says: "I am impelled by no desire of notoriety, but by a wish to benefit my fellowmen. For over seven years I suffered with stomach trouble, headache, sour stomach, pains across my chest, sides and back would ache, and became very nervous at times. I would have palpitation of the heart, dizzy spells and many other symptoms. My business is very confining and made me worse. I tried faithfully the different medicines and had physicians prescribe for me, but it seemed I could not be cured. A friend persuaded me to try Vetter's Dyspepsia Remedy. On making inquiries I found it used by many citizens of Youngstown, recommended by them to be the best medicine ever discovered for the cause of the different diseases of the stomach. I concluded to try it. I used several bottles and am now in splendid health, and feel that I owe it to Vetter's Dyspepsia Remedy. Letters from  
Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol  
Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each. Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COCHRAN, Milo Center, N. Y.

TUESDAY, NOVEMBER 17, 1903.

The News Review has no object in stirring up the vexed question of city finances other than to get at the true status of the city's affairs. The controversy is getting rather interesting, but this paper stands ready to print candid statements from both sides. There can be no question that past councils have been letting matters run at loose ends. If the present council is making an honest effort to do otherwise, the taxpayers will assuredly welcome evidences of that effort. No harm can grow out of the discussion now on, but on the contrary much good may result. A strictly conservative and economical policy is certainly imperative with conditions as they are at present. It may be too late to annul the effects of past mistakes, but it can never be too late to guard against more mistakes.

The Democratic leaders in congress are endeavoring to commit the party to opposition to the Panama canal. It is the old story of a stupid opposition to a line of policy, not because it is not a wise and proper one, but because the Republican party favors it. The vast majority of the people of the country desire an isthmian canal. Especially is this feeling strong among the people of the south. The attempt to commit the party to strenuous opposition to Panama is a blunder, for the canal will be constructed, and over the Panama route.

While the city finances are under discussion, two pertinent questions arise, on which, it seems to us, the taxpayers are entitled to an explanation. These are the questions: Why is all the sinking fund placed on deposit in one institution instead of being distributed among the various banking institutions of the city? Is it simple favoritism or sound business reasons that govern this matter?

The Democrats in the house of representatives have announced their determination to fight for a revision of the tariff. Democratic statesmen can never see the wheels of industry re-

## OBITUARY

Mrs. Sara M. Wells.

Mrs. Sara M. Wells, a well known Wellsville lady, died yesterday from a complication of rheumatism, grip and pneumonia. Mrs. Wells was born about 54 years ago in eastern Virginia, her maiden name being Cornell. At an early age she moved with her parents to Jackson county, W. Va., re-

maining there until her marriage to Wesley Wells, of Wellsville, some 23 years ago. She was an invalid for more than 30 years, but bore her affliction with wonderful Christian fortitude. She was a member of the M. P. church. She is survived by her husband, Wesley Wells, who is supposed to be in Oklahoma, and one daughter, Mrs. Leslie Otto, of Pittsburgh. She is also survived by two sisters, Miss Ora Cornell and Mrs. Congrove, both of Wellsville.

The funeral will take place Wednesday afternoon at 1 o'clock, the services to be conducted by Rev. G. H. Beck, assisted by Rev. W. H. Vander-sall. Interment at Spring Hill cemetery.

Miss Emma Gorrell.

Rev. J. W. Gorrell, pastor of the First Christian church of this city, was called to St. Mar's at noon today by the death of his sister, Miss Emma Gorrell, who passed away there yesterday. Miss Gorrell was 26 years of age, and her death was the result of an attack of pneumonia. Her father and mother, three sisters and two brothers survive. Funeral services will be conducted from the home at St. Mary's tomorrow afternoon.

Vera Moore.

Vera Moore, aged 4 years, died at the home of her parents in Smith's Ferry yesterday morning at 10 o'clock, after a brief illness from membranous croup. The funeral services will be held at the home tomorrow morning and the interment will be made at Georgetown.

## FRIENDS AND VISITORS

er, the auditor or the board of public safety want one cent spent for their convenience if the same cannot be done strictly legally, and it is certain that the public is overwhelmingly in favor of a change from old tactics.

For that part of the bond money spent to keep the wheels of the government moving—that is, paying the salaries of the city's incumbents—there is no objection made, for men who work must be paid.

## INTERESTING PROGRAM

Carried Out At the Bible Services At the First Baptist Church.

The Bible Day exercises of the First Baptist church which were held on Sunday were very largely attended. It was evident from the enthusiasm of the meetings that much interest is prevalent in the church and its growth. The following program was carried out: Opening song; opening sentences; address of welcome; scripture reading; recitation, "Little Sowers"; prayer; singing, "Leaves of Life"; recitations, "Our Gardens," "Boys Are Needed," "The Seed of a Song"; primary exercise, "Little Seed"; singing, "Our Harvest Song"; responsive reading, Psalms 119; emblematic exercise; singing, "O Blessed, Blessed Bible"; address, "Bible Day and What It Stands For," Rev. H. H. Bawden; offering; song, "Thank God for the Bible"; benediction.

An impressive and beautiful solo was sung at the services by H. H. Mills.

## Killed by Falling Walls.

Cleveland, Nov. 17.—By the collapse of a wall during a fire at the car barns of the Cleveland electric railway three firemen were killed and two others injured. The loss is estimated at \$300,000. The dead are Robert Duff, James Schweda and Robert Reed, all of truck No. 2. The injured: Michael Corrigan, truck No. 1, legs broken; Harry Vandeveld, truck No. 2, suffering from shock, in hospital; outcome uncertain; Battalion Chief Andrews, slightly injured about body.

Four Killed in Dynamite Explosion. Columbus, O., Nov. 17.—A dynamite explosion occurred on the stock farm of Dr. J. B. Hartman, south of the city, killing four men outright. Their names are Jesse N. Dyer, John Cox, Richard Cox and a man named Schultz, all residents of Columbus. A crew of men has been working on the farm during the summer blasting rock and stumps, carrying out the owner's extensive ideas. Hills were being cut down and hollows filled up.

Two Tragic Deaths at Canton. Canton, O., Nov. 17.—Because he despaired of his wife's recovery from typhoid fever, August Garau, aged 63, drowned himself by jumping into the west branch of the Nimishillen creek and his widow expired two hours later upon hearing of his tragic death. His body was found half submerged under West Tuscarawas street bridge.

Dayton Chief of Police Suspended. Dayton, O., Nov. 17.—Mayor Snyder suspended Chief of Police Whitaker, basing his action on the latter's alleged refusal to obey orders looking to the suppression of gambling.

Pittsburg's Smallpox Record. Pittsburg, Nov. 17.—Eight cases of smallpox were reported to the Pittsburg bureau of health.

TUESDAY, NOVEMBER 17, 1903.

The News Review has no object in stirring up the vexed question of city finances other than to get at the true status of the city's affairs. The controversy is getting rather interesting, but this paper stands ready to print candid statements from both sides. There can be no question that past councils have been letting matters run at loose ends. If the present council is making an honest effort to do otherwise, the taxpayers will assuredly welcome evidences of that effort. No harm can grow out of the discussion now on, but on the contrary much good may result. A strictly conservative and economical policy is certainly imperative with conditions as they are at present. It may be too late to annul the effects of past mistakes, but it can never be too late to guard against more mistakes.

The Democratic leaders in congress are endeavoring to commit the party to opposition to the Panama canal. It is the old story of a stupid opposition to a line of policy, not because it is not a wise and proper one, but because the Republican party favors it. The vast majority of the people of the country desire an isthmian canal. Especially is this feeling strong among the people of the south. The attempt to commit the party to strenuous opposition to Panama is a blunder, for the canal will be constructed, and over the Panama route.

While the city finances are under discussion, two pertinent questions arise, on which, it seems to us, the taxpayers are entitled to an explanation. These are the questions: Why is all the sinking fund placed on deposit in one institution instead of being distributed among the various banking institutions of the city? Is it simple favoritism or sound business reasons that govern this matter?

The Democrats in the house of representatives have announced their determination to fight for a revision of the tariff. Democratic statesmen can never see the wheels of industry re-

### OBITUARY

Mrs. Sara M. Wells.  
Mrs. Sara M. Wells, a well known Wellsville lady, died yesterday from a complication of rheumatism, grip and pneumonia. Mrs. Wells was born about 54 years ago in eastern Virginia. Her maiden name being Cornell. At an early age she moved with her parents to Jackson county, W. Va., re-

maining there until her marriage to Wesley Wells, of Wellsville, some 33 years ago. She was an invalid for more than 30 years, but bore her affliction with wonderful Christian fortitude. She was a member of the M. P. church. She is survived by her husband, Wesley Wells, who is supposed to be in Oklahoma, and one daughter, Mrs. Leslie Otto, of Pittsburgh. She is also survived by two sisters, Miss Ora Cornell and Mrs. Congrove, both of Wellsville.

The funeral will take place Wednesday afternoon at 1 o'clock, the services to be conducted by Rev. G. H. Beck, assisted by Rev. W. H. Vanderhall. Interment at Spring Hill cemetery.

### Miss Emma Gorrell.

Rev. J. W. Gorrell, pastor of the First Christian church of this city, was called to St. Mar's at noon today by the death of his sister, Miss Emma Gorrell, who passed away there yesterday. Miss Gorrell was 26 years of age, and her death was the result of an attack of pneumonia. Her father and mother, three sisters and two brothers survive. Funeral services will be conducted from the home at St. Mary's tomorrow afternoon.

### Vera Moore.

Vera Moore, aged 4 years, died at the home of her parents in Smith's Ferry yesterday morning at 10 o'clock, after a brief illness from membranous croup. The funeral services will be held at the home tomorrow morning and the interment will be made at Georgetown.

### FRIENDS AND VISITORS

Gordon Brick is suffering from an attack of tonsillitis.

Mrs. Harry D. Arnold, who has been ill for some time, is recovering.

H. S. Rinehart and Edward Fitzgerald were Pittsburgh visitors today. Edward, the little son of Mr. and Mrs. Martin Wolf, of Lisbon street, is very ill.

W. J. Todd and Fred Desher have returned from a pleasant hunting trip to Washington county.

Mrs. John Bishop, of the Lisbon road, is confined to her home with a severe attack of pleurisy.

John Howard, who has been located at Sebring for several weeks, returned to his home in this city yesterday.

J. H. Harris, of West Third street, has returned from Pittsburgh much improved. He was operated upon for catarrh of the eye.

Joseph Trowbridge, representing a Pittsburgh wholesale drug concern, arrived in the city yesterday, and will remain a week visiting the retail trade.

Commissioner Frank Dickey left this morning for a trip through the western portion of this county on the lookout for a new horse. It is not known to what use the purchase will be put.

Miss Luella Nisson, who has been ill for the past two weeks, was able to be out today. She went to Pittsburgh this morning, where she will undergo an operation for the improvement of her eye sight.

M. O'Brien, who spent several weeks in this city during the summer preparing Michael Shea's choir transformation for the road, was here with the "Foxy Grandpa" show last night, and called on his old friends.

Yardmaster Fitzgerald Receives Painful Injuries Due to a Wreck Yesterday.

The killing of George A. Johnson, the colored man by the midnight express train at Yellow Creek station early Monday morning was the indirect cause of a head-on collision in the railroad yards opposite Fourteenth street at about 2 o'clock. Daniel Fitzgerald, assistant yard master, who was on one of the engines in collision, received severe injuries. Two of his ribs were broken at the breast bone, his chin was cut open and several of his teeth were knocked out.

Engineer Welch was ordered to take engine No. 7688 and go to Yellow Creek and bring in the injured boy. Mr. Fitzgerald got on the engine to go along with it. When opposite Fourteenth street there was a collision between Welch's engine and road engine No. 7714, Engineer Gerrard in charge. The latter engine was coming in on the track on which the other engine was going out. Both engines were somewhat damaged and No. 7688 was derailed. Mr. Fitzgerald was caught in the wreck and painfully injured.

Ferguson, of the Wabash, at Middletown, Pa., it is not generally known, but a fact that Paymaster Murphy, of Sims & Co., on his pay trips out the main line and river division of the C. & P. always goes accompanied by officers. The last trip he paid out \$9,000 along the main line, and Chief Houser and another member of the police force of Wellsville accompanied him, the two officers driving ahead of the buggy of the paymaster and his assistant. All four went heavily armed and also were by

## WHAT IS CATARRH?

Hymel Cures This Common and Disagreeable Disease.

Hymel cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system. The complete Hymel outfit costs but \$1.00 and comprises an inhaler, a bottle of Hymel and a dropper. The inhaler will last a lifetime, and additional bottles of Hymel can be obtained for 50c.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

offensive breath  
dryness of the nose  
pain across the eyes  
pain in back of the head  
pain in front of the head  
tendency to take cold  
burning pain in the throat  
hawking to clear the throat  
pain in the chest  
cough  
stitch in side  
loss of flesh  
variable appetite  
low spirited at times  
coughing  
expectoration yellow matter  
difficulty in breathing  
frequent sneezing  
huskiness of voice  
discharge from the nose  
stoppage of the nose at night  
aching of the body  
droppings in the throat  
mouth open while sleeping  
tickling back of the palate  
formation of crusts in the nose  
dryness of the throat  
loss of strength  
spasms of coughing  
cough short and hacking  
cough worse at night  
loss of vitality  
loss in vital force  
a feeling of tightness across the upper part of the chest

Hymel will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Will Reed emphasizes it, by agreeing to refund your money if Hymel does not cure.

## NEW WABASH BRANCH

Nearly Completed From Adena to St. Clairsville—An Important Feeder.

Dr. W. S. McFarland, of St. Clairsville, was in Wellsville today. He reports the Adena branch of the Wabash 30 miles in length from Adena, Jefferson county, to St. Clairsville, about completed, and tracks all laid. The grading on to Bellaire is nearly completed, a distance also of nearly 30 miles. The branch will be a great coal feeder for the W. & L. E. main line of the Wabash, as there are numerous large coal mines located along it, and many little mining towns springing up along the line. The entire coal output is shipped to the great lakes over the W. & L. E.

The branch also will take the Wheeling passenger traffic and will become an important feature of the Wabash railway's bid for the traffic next year to the St. Louis exposition. In fact, the entire W. & L. E. system is being put in better shape to look after next year's business.

## KNIGHTS OF COLUMBUS

New Officers Chosen and the Council in a Very Flourishing Condition.

The Knights of Columbus Council No. 507, met at their hall in the Aten block, Main street Sunday at 2 o'clock and elected the following officers for the ensuing year: G. K. James Hays; D. G. K. F. E. Hassinger; C. D. W. Fitzgerald; W. W. J. Maloney; F. S. M. R. Dowling; R. S. William McSweeney; trustee, E. M. Horrigan; T. S. F. L. Thompson; O. S. J. P. Thornton; Adv., P. J. Suskie.

The council is in a most prosperous condition, and bids fair to have a most successful coming year.

## Ill of Smallpox.

Jesse Donaldson, aged 18, son of Mr. and Mrs. W. R. Donaldson, of Eighteenth street, who is employed as a fireman on the C. & P. main line, is laid up in a hospital at Cleveland, suffering with smallpox. Mr. Donaldson went out to Cleveland last night and a telegram to Mrs. Donaldson confirms the statement. Mr. Donaldson was unable to see his son owing to the quarantine regulations. He will remain a few days to look after his case.

## Skating at the Park.

A skating pond will be established down in the Central base ball park for the winter. The company who will operate it is composed of well known business men. They have made the survey, and the work of banking the grounds for the pond is progressing. They will use the grand stand for a pavilion. They will open for skating

as soon as the cold weather sets in when the pond will be flooded and frozen.

## Funeral of Accident Victim.

The funeral of George A. Johnson, colored, aged 18, who fell from the midnight express and was killed at Yellow Creek early Sunday morning, will be held in East Liverpool tomorrow. Johnson lived on Third street, Wellsville, and was employed on grading work at Irondale. He is survived by his step-father, Robert Wilson, his mother and two sisters, all of Wellsville.

## Italians Leaving.

Many of the Italians now employed on the grading work along the C. & P. main line and river divisions are going into winter quarters in New York city. A party of 15 left today for that point. A number of gangs left a few days ago and more will follow.

## Arrested for Begging.

Mr. and Mrs. Albert Rice, of Beaver, Pa., were arrested down on Eighteenth street last night by Chief Houser, for begging and then spending the money obtained for drink. They were both badly intoxicated when the chief apprehended them.

## Covered the Tracks.

A bad slip on the C. & P. occurred at Port Homer last night, and a large gang was employed in clearing away the debris. Trains were not delayed, however, as the tracks were sufficiently cleared this morning to allow their passage.

## Excitement on the Street.

The residents of Fourteenth street were badly wrought up last night by a woman running from her home and screaming that her husband was about to kill her. The parties, however, moved out of the vicinity this morning.

## Costly New Building.

Charles Bartow has started a new store room and residence at Clark and Kelly avenues. The structure will be a most modern one, and cost \$20,000. Murchland & Burnette are the contractors.

## New Applicants Heard.

The board of public safety examined two applicants for police force last night. It will still hold open sessions until council meets to hear any new applications that may be made in the interim.

REPAIRS TO CITY HALL  
ARE DECIDED UPON

Stipulations Will Be Submitted to Board of Public Service For Approval.

Councilmen Moon and Cannon, of the fire committee of council, met at the city hall last evening and decided on the improvements that should be made at the city building. The list of proposed improvements will be submitted to the board of public service, that body having jurisdiction over such work.

According to the committee the repairs must be as follows:

The council chamber, the mayor's and auditor's offices and the halls are to be papered and grained. The roof is to be repaired and a partition placed across the hall on the second floor of the building immediately west of the door entering the council chamber. The room thus made in the hall way will be placed at the disposal of the township trustees.

The partition in the room at the northwest corner of the first floor which is partially completed, is to be removed, and the frame work and foundation for a large safe made under the stairway and facing the front office of the mayor. This will necessitate a landing being made in the first flight of stairs leading to the second story of the building.

The partition on the south side of the mayor's private office is also to be removed and the one running north and south is to be extended to the south wall. All other repairs necessary to complete the improvements will also be made.

## Becomes Effective Next Year.

Columbus, November 17.—(Special.)—The constitutional amendment giving each county of the state representation in the general assembly, Attorney General Sheets says, does not affect the status of the present legislature, and becomes effective at the next state election. There is talk that a bill may be introduced in the legislature relieving the stockholders of concerns incorporated before the adoption of the single liability constitutional amendment of double liability.

CASE WILL GO  
TO GRAND JURY

Further Sensations Relative to Mrs. Starkey's Death Are Expected.

## TESTIMONY AT INQUEST

Left Some Things Unexplained—All the Evidence When Adduced Will Be Placed in the Hands of the County Prosecutor.

When Prosecuting Attorney McKenzie, of Hancock county, has prepared all the evidence in the Anna Starkey case to be presented to the grand jury, it is probable sensational developments will be brought to the surface. While the inquest conducted last Sunday afternoon brought out little information upon which a theory could be based, it went far enough to satisfy the authorities that there were other and more important disclosures held back.

Of the three witnesses examined by Justice Pugh and the jury not one of them agreed with the other. It will be remembered that Dr. Charles H. Campbell was the first physician called and made his first visit two weeks before Mrs. Starkey's death occurred. He was not aware of her real condition until several days later. He testified that both Mrs. Starkey and her husband seemed anxious to conceal the real cause of her illness, and that he was at a loss to account for this disposition on their part.

Dr. Campbell told the jury that Starkey came to his office on the Wednesday before his wife died and told him she had taken something to procure a criminal operation. Later he told the doctor that he had noticed a blue vial at the home which was about half full of some sort of drug. The physician urged him to bring the vial to his office in order that its contents might be analyzed. He thought it strange that the request was never complied with, but allowed the matter to go without investigation. When Starkey was placed under oath he denied having had a conversation with reference to the blue bottle and told the jury he had never seen such a vial.

Many other disclosures were made at the inquest, the precise nature of which is not known, but the verbatim testimony of all the witnesses has been preserved and placed in the hands of the prosecutor. Another feature of the case is that had the woman been properly cared for in the matter of nursing she might have recovered. All the attention she received, it is said, was from the 13-year-old daughter, and it has developed that the girl was ill most of the time and unable to care for her mother in a satisfactory manner. It is just possible an investigation will be conducted along this line, and that the responsibility will be placed at some one's door and they made to suffer for it.

The livery barn and business of McKinn Bros. has been sold to a party from Toronto, who conducts the business in the future.

The extra 5 cents charged by the Steubenville street car line from Foster to Steubenville and return is not appreciated by the New Cumberland patrons and it will not be such a boon; 30 cents plus 15 cents for ferriage and the inconvenience of crossing the river make it a very undesirable way of traveling. The contemplated trolley line with a bridge at Steubenville would make the accommodations very much more complete. After the meeting, at which a candidate will be initiated, the visiting members will be taken in charge by the Rebekah lodge, who will hold a banquet and social at the court house. A good time is anticipated.

A social will be given on Thursday evening of this week by the members of the Christian Sunday school, who held a contest for getting out the largest attendance by two sides known as the Reds and Blues. The Blues won and the Reds are giving them a social and supper.

## CASE WILL GO TO GRAND JURY

Further Sensations Relative to Mrs. Starkey's Death Are Expected.

## TESTIMONY AT INQUEST

Left Some Things Unexplained—All the Evidence When Adduced Will Be Placed in the Hands of the County Prosecutor.

When Prosecuting Attorney McKenzie, of Hancock county, has prepared all the evidence in the Anna Starkey case to be presented to the grand jury, it is probable sensational developments will be brought to the surface. While the inquest conducted last Sunday afternoon brought out little information upon which a theory could be based, it went far enough to satisfy the authorities that there were other and more important disclosures held back.

Of the three witnesses examined by Justice Pugh and the jury not one of them agreed with the other. It will be remembered that Dr. Charles H. Campbell was the first physician called and made his first visit two weeks before Mrs. Starkey's death occurred. He was not aware of her real condition until several days later. He testified that both Mrs. Starkey and her husband seemed anxious to conceal the real cause of her illness, and that he was at a loss to account for this disposition on their part.

Dr. Campbell told the jury that Starkey came to his office on the Wednesday before his wife died and told him she had taken something to procure a criminal operation. Later he told the doctor that he had noticed a blue vial at the home which was about half full of some sort of drug. The physician urged him to bring the vial to his office in order that its contents might be analyzed. He thought it strange that the request was never complied with, but allowed the matter to go without investigation. When Starkey was placed under oath he denied having had a conversation with reference to the blue bottle and told the jury he had never seen such a vial.

Many other disclosures were made at the inquest, the precise nature of which is not known, but the verbatim testimony of all the witnesses has been preserved and placed in the hands of the prosecutor. Another feature of the case is that had the woman been properly cared for in the matter of nursing she might have recovered. All the attention she received, it is said, was from the 13-year-old daughter, and it has developed that the girl was ill most of the time and unable to care for her mother in a satisfactory manner. It is just possible an investigation will be conducted along this line, and that the responsibility will be placed at some one's door and they made to suffer for it.

## NEW CUMBERLAND TOPICS OF INTEREST

The New Trolley Line Brings Increased Fare and Causes Complaint.

The new sewer pipe works of the Stratton Fire Clay company at Empire raised steam yesterday and without

a jar everything moved off in first class order.

The livery barn and business of Melvin Bros. has been sold to a party from Toronto, who conducts the business in the future.

The extra 5 cents charged by the Steubenville street car line from Fosterville to Steubenville and return is not appreciated by the New Cumberland patrons and it will not be such a boon; 30 cents plus 15 cents for ferrage and the inconvenience of crossing the river make it a very undesirable way of traveling. The contemplated trolley line with a bridge at Steubenville would make the accommodations very much more complete. The projectors tell us that it is not a fancy dream, but a fact that will be realized during 1904.

Rev. W. E. Hill filled the pulpit for Rev. J. S. Hamilton on Sunday night and preached to a very large audience. The Brockway Jubilee Singing club, who rendered the music, were here over Sunday.

Capt. H. H. Robb, of the Harvester, thinks that the rainfall of the two days will make sufficient water to let him go on up the river and possibly a rise enough to let out the big run of coal that is lying in waiting for a rise.

The Odd Fellows will hold a special meeting in their hall Friday evening, at which members of Broekle lodge, No. 5, of Wellsburg; Wildwood lodge No. 590, of New Alexandria, O.; Logan lodge No. 384, of Mingo Junction; Calumet lodge No. 593, of Toronto; Brilliant lodge No. 772, of Brilliant, and Jefferson lodge No. 6, of Steubenville, will be present. After the meeting, at which a candidate will be initiated, the visiting members will be taken in charge by the Rebekah lodge, who will hold a banquet and social at the court house. A good time is anticipated.

A social will be given on Thursday evening of this week by the members of the Christian Sunday school, who held a contest for getting out the largest attendance by two sides known as the Reds and Blues. The Blues won and the Reds are giving them a social and supper.

## Ladies Will Help the Church.

The ladies of the Chester United Presbyterian church have inaugurated a praiseworthy plan for adding to the church fund. On next Saturday the new idea will be put into execution. Permission has been granted the ladies by Druggist C. T. McCutcheon to place on sale at his store a quantity of pies, cakes and other pastry. The ladies will prepare these delicacies themselves, and the McCutcheon pharmacy will be made the exchange. The plan will be carried out each Saturday afternoon during the winter.

## CHESTER NOTES.

Miss Zepha Swearingen has returned to her school in Beaver county after a visit with her parents here.

Joseph Haugh is recovering from a recent illness.

A daughter has been born to Mr. and Mrs. Fred Lacey, of the mill addition.

J. H. Maxwell went to Beaver Falls this morning on business.

Mrs. P. J. McDonald, who has been a guest of J. A. Maxwell and family for a month, will leave this evening for Los Angeles, Cal.

A number of Chester people accompanied the remains of Mrs. G. F. Starkey to Irondale last evening, where funeral services were conducted this morning.

The finishing touches were put to the Shrader gas well last evening, and it is now in readiness to be connected up with Mr. Shrader's fine new residence and handsome conservatory.

Adolphus Howard, of Congo, is contemplating the sinking of a gas well on his property at that town. If he acts promptly the drilling apparatus belonging to Stewart Bros. will be

moved from the Shrader well to Congo at once.

Mrs. Robert Dunn, who has been seriously ill since last Saturday, is greatly improved today.

## CARS OF RAILS WERE OVERTURNED

A Serious Wreck on the C. & P. at Salineville Delayed Traffic.

A wreck of considerable proportions occurred at Salineville yesterday afternoon, while a work train was taking a siding at the Cedar Hill coal mine. The engine and four cars were badly derailed, the engine turning over on its side after leaving the rails. The engineer and fireman jumped and escaped being pinned underneath the engine.

The cars were loaded with steel rails. The Wellsville wreck train was called to the scene yesterday afternoon and succeeded in clearing up the wreck at 1 o'clock this morning.

## REALM OF SPORTS

### WELLSVILLE ATHLETICS

#### CHALLENGE ROVERS

ANOTHER CONTEST FOR THE TRI-CITY CHAMPIONSHIP.

Rovers Have Accepted And the Teams Will Meet Next Saturday.

It looks as though the Rovers would be kept busy defending their claim to the tri-city championship. At the close of the game Saturday, when Chester was defeated 17 to 0, another claimant appeared and challenged for a game. It was a representative of the Wellsville Athletic club, an organization from which much was expected this season. Manager Hughes very promptly accepted the challenge and the game will be played next Saturday at the West End park.

The Wellsville eleven, if the lineup is anything like that announced at the opening of the season, will give the Rovers the hardest game of the season. It will be remembered that the team boasted of at least half a dozen collegians, who had played with men famous in the sport. Several of these players are engineers in the employ of the C. & P. of the contractors. Dr. McClure and W. Knox, the two well known Wellsville men who have served as officials in several games, have been training with and coaching the Athletic team, but it is hardly possible that they will play.

Captain Hardy and his players are determined to retain the championship of the three cities and will be prepared to play the game of the season. Though usually outweighed they manage to win the games somehow, probably by faster work and better field generalship. Captain Hardy has some new plays in preparation for the game.

The Rovers' lineup may be slightly changed. Arb, who before his accident had been playing end, has been switched to left half and will remain there, the result of his good work Saturday. Godwin and Frank Coleman will alternate at left end. Lem Harvey will continue at right end. Amos, who is making a reputation at center, and Robbins and McAvoy, the two crack quarters, will play as usual. Hardy will remain at right half and Cartwright will play fullback. Hughes is showing them all the way to tackle and Burgess, the new man, is looming up as a star. McDevitt, with whom he alternates, is also playing a fast game.

## DR. MAX LIVES AND IS BETTER

The Valuable Pointer Will Not Suffer the Usual "Gunshot" Results.

Dr. Max, the valuable pointer owned by R. L. Edmonston, has almost entirely recovered from the injuries received last week while out hunting. The dog was shot in the head by its owner and for a day or two it was thought the animal had no possible chance of living.

Much to the gratification of Mr. Edmonston and numerous others, the dog revived the latter part of last week and will be well in a few days. It was thought by all that even if the dog did recover from its wounds it would never be worth anything as a hunter. But Dr. Max has proven himself again a remarkable dog by demonstrating that he is not of the "gunshot" kind.

Usually a dog once shot will never accompany a man afterwards who carries a gun. Dr. Max was taken to the woods on last Saturday and scenting a covey of quail, made as pretty a stand as he ever did, and when his master fired at the birds, he was the same composed sensible dog of yore.

## BEAVER COLLEGE FIVE AT PAVILION TONIGHT

Claim Championship of Beaver County And Locals Have Never Beaten Them.

The Beaver college basketball five comes to the pavilion tonight to do battle with the East Liverpool team, and the game promises to be a warm one. The locals have never defeated the Beaver college team, but will try hard to accomplish the feat tonight. The Beaver five is as strong if not stronger than it was last season and claims the championship of Beaver county.

Prior to the big game the Juniors and the Monarchs will play a preliminary game of two 15-minute halves. These are the teams that played such an exciting game as a curtain raiser for the New Castle game.

The big teams will line up as follows: East Liverpool—Allison and Bloor, forwards; Rigby and Powell, center; Watkins and Chadwick, guards.

Beaver—Garner and Meeklen, forwards; Donaldson, Orr or Beaver, center; Seamen and Barr, guards.

## A SPEEDY GAME AT ROCK SPRINGS

Locals and Beaver College Will Play For Supremacy Tonight.

Everything seems perfect for a large crowd at the basket ball game to be played at Rock Springs park this evening by the local aggregation of invincibles and the fast team of Beaver college. These teams have never played before and the outcome will be a matter of much interest.

The lineup for the two teams will be as follows: East Liverpool—Allison and Bloor, forwards; Rigby and Powell, center; Watkins and Chadwick, guards. Beaver College—Garner and Meeklen, forwards; Orr and Beaver, center; Seamen and Barr, guards.

Prior to the big game the East Liverpool Juniors and the Monarchs will play two 15 minute halves.

**Fleur De Lis Team Organized.** Manager Herbert E. Griffin, 39 Crawford road, Cleveland, of the Fleur de Lis basket ball team, has written the sporting editor of the News Review that the Fleur de Lis five has been organized for the season. Games with any 18-year-old team are desired and can be had by addressing Manager Griffin.

### LOCAL SPORTING NOTES.

Lowry, Chester's quarter, with proper coaching, would make a star. He played well Saturday in the game with the Rovers.

The Rovers admit that Chester is a formidable rival. The score would be closer if Chester could learn to handle the ball.

Viney and Thompson are still among the injured and both may be out of it next Friday, the day of the big Steubenville game.

Mountford and Smith did the heavy work in the Steubenville game. Some of the boys felt being away from Ford road, Cleveland, of the Fleur de Lis team.

Smith, left half on the high school team, is a promising player and never had the game a more enthusiastic devotee. Smith never uses tobacco before a game and keeps in condition by morning "work-outs."

## THREE OF A FAMILY DIE MYSTERIOUSLY

DOCTOR, WIFE AND DAUGHTER ALL EXPIRE SUDDENLY.

Strange Circumstances Surrounding the Demise of Three Carroll County People.

Dr. Matthew Schweeter, his wife and their ten-year-old daughter, Marguerite, are dead at their home in Leesville, Carroll county. The circumstances surrounding the case are exceedingly strange, and many believe that at least two of the deaths were caused by poison.

Monday night, November 9, Marguerite, their only daughter, died suddenly. No one was called. No neighbor was notified. The father and mother stayed alone with the corpse of their child till morning.

Marguerite's funeral was to be held Thursday forenoon. About 10 o'clock Dr. Schweeter went into the room where the body of the child lay, and in a moment he fell in convulsions by the side of the coffin. He died in a half hour. The funeral of the child was postponed. The next night two couples were there to keep watch with the dead. About 10 o'clock Mrs. Schweeter requested the watchers to retire from the room. In about an hour they heard her fall. When they went to her room she was dead.

Other strange circumstances indicate poisoning. It is said that Mrs. Schweeter gave to Mrs. Blackburn, a neighbor, a list of names or relatives with whom she should communicate, "if anything happened." The doctor is said to have given a key of the house to a neighbor and said that if anything happened he would signal and they should come over. One account said that the doctor said he would prepare some powders for himself and his wife, which they would take, if they could not rest. And if no one was seen moving around, then neighbors should come over. It is said that the doctor had become ill before the time for the funeral and that his wife gave him a powder, and that as it did him no good, she gave him two more. This was not long before he went to the coffin to view his child. When the watchers went to the room where Mrs. Schweeter fell, and where they found her lifeless body, they saw three powder papers lying on the floor.

It is stated that Dr. Schweeter idolized his daughter, and that after her death he "acted queer." They had

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky. "50000 forfeit if original or better proving genuineness cannot be produced."

two other children, but both died some years ago.

Dr. Schweeter was about 45 years old. His wife was perhaps 40. They had lived in Leesville about six months. The doctor was the company physician for the miners at Sherodsville. When the family came here it is stated that they came from a little town near Cleveland. The doctor's home is said to have been in Boston. He was an educated and intelligent man.

## DR. OPPENHEIMER

The Noted Specialist in Alcoholism Goes Abroad for Several Months.

New York, November 17.—Among the passengers sailing for Europe on the Campania Saturday was the noted specialist in alcoholism and drug addiction, Dr. I. Oppenheimer, who intends to spend several months in London to demonstrate the efficiency of the Oppenheimer treatment for inebriety. These demonstrations will be held under the auspices of Lady Henry Somerset's hospital, and the leading British physicians will closely follow the experiment.

Lord Overton and several other prominent members of the nobility have organized the English Institute and are conducting it with great enthusiasm as a great boon to the vast number of inebriates in England.

## BRIGHTS DISEASE AND DIABETES NEWS

Office German Democrat, San Francisco, Nov. 10, 1903. To the Editors of Ohio:

Dear Sir:—For many years an editor myself, I address you by request and as a simple duty. A great discovery has been made in this city. It is fraught with so much importance and yet is so hard to believe, that those who are personally cognizant should add the weight of their influence, be it great or small.

I not only know by contact with many of the beneficiaries but was myself rescued from Bright's Disease by it. The cure has been found, and the difficulty in believing it is costing many lives. It is astounding how far our prejudices carry us. But the great fact is here, and acceptance means recovery.

After my own unexpected release I wouldn't let my friends rest and several took the treatment and recovered. One was Charles F. Wacker, the Sixth street merchant. He had diabetes and thought he was going to die. He got well and passed for a \$5,000 policy.

I say to you as a brother editor that those of your friends who have diabetes or Bright's Disease, and every one knows of some, that they can recover. I will be glad as one of many survivors out here to give you further information.

Yours, etc., CHAS. H. ENGELKE.

We sent for the Fulton Compounds to which the above refers and now have them in stock. They are the first cures the world has ever seen for chronic Bright's disease and diabetes. We are sole agents. Free pamphlet.

## RECORD OF BIRTHS REQUIRED BY LAW

A COMPULSORY STATUTE TO THIS END DESIRED.

Representative Pollock Points Out the Necessity For Legislation on the Subject.

Columbus, November 17.—(Special.)—Hon. R. A. Pollock, of Stark county, senator-elect from the Twenty-first district, composed of Stark and Carroll counties, stated Friday afternoon that the general assembly should, at the coming session, enact a law requiring that a record of every birth be certified to the office of probate judge. He also thought, too, that it would be a good idea to make the measure provide for the filing of notices of all deaths. Some cities of Ohio have by ordinance made provision for the collection of such statistics, and Mr. Pollock cited some very excellent reasons in support of his opinion that some such system should be devised to apply to every municipality in the state. He was in favor of the passage of a law of the kind mentioned two years ago, when he was serving a second term as a member of the house of representatives, but as his time was all taken up with labor measures, which had been entrusted to his care, it was impossible for him to devote any time to the advocacy of the proposition. He may himself introduce and try to push through a bill of this nature at the coming session.

"Such a law would be invaluable and very inexpensive," said Senator-elect Pollock. "By keeping a record of all deaths and births the population of the state could be ascertained at any time. There would need to be no question as to whether a citizen was old enough to vote; the record would show this. Take the question of employment of child labor. In cases where there existed doubt as to whether the minor at work had reached the legal age, reference to the record would once settle the dispute. This law would have the effect of removing the temptation to commit perjury where the age of a person was an issue."

Another respect in which the law would be beneficial would be in litigation, especially in cases involving the settlement of estates and the validity of the claims of heirs. If Mr. Pollock champions this measure he will have the active support of the state board of health, which has for years been endeavoring to create interest which would lead to the enactment of such law.

### Go Prepared.

In preparing for your summer outing a little forethought may save you a great deal of trouble. Mr. John H. Manly, a dry goods merchant of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

### Millionaire's Poor Stomach.

The worn-out stomach of the overfed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite house hold remedy for all stomach troubles for over 35 years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. ## A WAY OPEN

Many an East Liverpool Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of East Liverpool people have made it possible. The public statement of their experience is proof of the like of which has never been produced before in East Liverpool. Read this case of it by a citizen:

Mr. Henry Bevington, who resides at the corner of Avondale and Bradshaw avenue, says: "During three years I had attacks of dull steady aching in the back. When stooping or sitting for some time it would change to a quick pang as I arose to an upright position. My back tired out easily when walking or standing long and I often had headaches, dizziness and in the mornings great depression. I took medicines, many of them, but found Doan's Kidney Pills sold at the W. & W. Pharmacy to be more suitable for my complaint than anything I had ever tried."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold by W. & W. Pharmacy.

## PANAMA'S PLEASURE

Shown Over Visit of Representatives of the United States.

## COLOMBIA'S PEACE MISSION

Junta Appoints Committee to Confer With Members—Rear Admiral Walker and Consul General Gudger Call at the Palace.

Washington, Nov. 17.—In a note addressed to M. Bunau-Varilla as minister plenipotentiary and envoy extraordinary of the republic of the isthmus, M. Jusserand, the French ambassador, officially recognized the new envoy and informed him he would be received at the embassy by his excellency and duly recognized. The ambassador's action is in accordance with a cablegram received from the French foreign office.

The minister announced that J. Pierpont Morgan & Co. had accepted the appointment as financial agents in the United States of the Panama republic and that \$300,000 had been placed to the credit of the Panama government.

The minister received by cable full powers from his government to address the envoys of all the powers represented at Washington and request recognition at their hands. The action of President Marroquin in sending a protest to the United States senate is regarded by diplomatic circles here as a serious breach of proprieties, but the matter probably will not be dealt with in a harsh manner. Secretary Hay has not yet seen the protest, but will read it today and unofficially the president may see it, but it is felt the communication might be entirely ignored if the government chose to do so in view of the extraordinary course taken in forwarding it.

Mutual Exchange of Good Wishes.  
Panama, Nov. 17.—Rear Admiral Walker, who is practically President Roosevelt's representative on the isthmus, and Consul General Gudger, who is here to direct the relations of the United States with the de facto government, called at the palace and in the name of the United States government paid their respects to the members of the junta. Rear Admiral Walker presented a letter from President Roosevelt and there were mutual exchanges of good wishes. Otherwise the visit was quite informal.

The visit of Rear Admiral Walker and Consul General Gudger has been construed by the junta and by the people of Panama as a formal official recognition of the new republic and has provoked many expressions of satisfaction and congratulations upon the new order of things. It is understood that Admiral Walker will report to President Roosevelt upon the isthmian situation and act in an advisory capacity to Mr. Gudger, who is well liked here. Rear Admiral Walker returned to Colon in the afternoon.

Commission Sent to Colon.  
The junta appointed a commission composed of Senors Arias and Espinosa to proceed at once to Colon and confer on board the United States ship Mayflower with the Colombians who arrived there on what is understood to be a peace mission. The so-called peace commissioners are from the department of Bolivar, but it is not yet known whether they are authorized to represent the Bogota government or whether they come on behalf of the department of Bolivar to recognize the new republic.

If the commissioners represent the Bogota government and are properly empowered to and do recognize the republic of Panama the matter of remuneration to Colombia for the loss of the isthmus may be broached. The Panamanian commissioners, however, are fully determined to do nothing that may in any way weaken the position of the young republic or endanger the independence of the isthmus.

Deputy Sheriff Killed by Striker.  
Trinidad, Col., Nov. 17.—Deputy Sheriff John Himan was shot and killed at Black Diamond, a Victor Fuel company's coal camp 20 miles south of Trinidad, by a striker named Gondolf, whom the officer had threatened with arrest.

Well-Known Doctor Dead.  
Nashua, N. H., Nov. 17.—Dr. George J. Engelmann, one of the best known gynecologists in the country, died suddenly while visiting in this city. He was born in St. Louis 55 years ago, but had lived in Boston for the past six years.

Butter-Making Championship.  
St. Paul, Nov. 17.—The national butter-making contest, which has been going on for the past year, has been concluded. Minnesota has again won the national championship, as she has twice before.

Forged Land Mortgages.  
Herron Lake, Minn., Nov. 17.—V. B. Hattian was arrested at Luverne on a charge of forgery in setting up forged mortgages for \$35,000 on land in Washington county owned by Edward Walsh, of Stillwater.

Killed in French Duel.  
Paris, Nov. 17.—In a duel with swords arising from a quarrel Henri Lautier, a lawyer of Toulouse, was killed by his antagonist, Charles Ebelot, of Paris.

## THE STATE'S CASH

## A GOOD BIG SUM

Nearly \$3,000,000 in the Treasury at the Close of the Fiscal Year.

Columbus, November 17.—(Special.)—The fiscal year of the state was closed Saturday, and the report of State Treasurer I. B. Cameron showed that the cash balance in the big vault in his department amounted to the munificent sum of \$2,964,556.97, which is the greatest balance in the history of the state, with one exception, that being last year, when there was something over three millions and a half of dollars on hand. In recent years the balance has varied from \$1,000,000 to \$1,500,000. The balances of this year and last year exceed by far any of any other year. The state is free from debt, aside from the irreducible school debt, and, to use a trite expression, "is rolling in wealth." The tax laws enacted by the last

general assembly applying to domestic and foreign corporations have been a big factor in increasing the receipts of the state treasury. The fees received under these laws aggregated almost \$1,000,000.

## NEW SCHOOL CODE

Being Prepared By Senator Harrison, Calls for Bi-Partisan Directors.

Columbus, November 17.—(Special.)—State Senator Harrison, of Darke, is preparing a school code. It will provide for a bi-partisan board of six members, elected at large in all school districts, with the optional power granted to cities upon the vote of these school boards, to provide for election of boards by wards. This plan would enable cities to get around the bi-partisan plan, under which one Republican and one Democrat would be elected each year. Senator Harrison was the youngest mem-

ber of the last general assembly. He looked after the interests of schools and libraries.

## COUNTY AND NEIGHBORHOOD

Seventeen cases of smallpox developed in Youngstown last week. There are 35 cases in Sharon.

Rev. M. L. Bates, pastor of the Warren Disciple church, has resigned, to accept the presidency of Hiram college, it is said.

Mot Cooney, aged 23, was shot and instantly killed by Evan Lewis at Wainwright, a mining town near Uhrichsville. It is claimed the shooting was accidental.

Rev. J. P. Leyenberger, of Island Creek, has been chosen pastor of the Third Presbyterian church in Wheeling, to succeed Rev. R. R. Bigger, who goes to Massillon.

Because he wanted to wed another Charles Nelms, of Jonesville, W. Va., hired Richard Haynes, colored, to

slay his wife. The negro was arrested and confessed, but Nelms has not been captured.

Walter Moore, a 15-year-old boy of Centerville, Belmont county, fired a shot from a double-barreled shot gun into the body of his 11-year-old brother Stanley and the boy is now in a critical condition.

Lizzie Mazingo, the girl who disappeared from her home near Yorkville several years ago, and who was thought to have been kidnapped, has been released from the jail at Wheeling through the efforts of her father.

### HOME AFFAIRS

**Brief Notes of a Personal Nature And of Matters About Town.**

**A Thousand Wanted.**—At the Y. M. C. A. last evening it was decided to put forth every possible effort to increase the membership to 1,000 before the close of the year.

**Mayor's Report Ready.**—Mayor Weaver will submit his report for the month of October to council this evening. It will show that he collected \$205 during that month for fines and licenses.

**Must Be Obeyed.**—Mayor Weaver has ordered the police to see that the awning ordinance is strictly obeyed. Many complaints have been registered during the past few days and the chief executive intends to see that no violations are committed.

**Wanted in West Virginia.**—James Metz, of Benwood, W. Va., was arrested last night by Constable Polly, of Benwood, and Officer McDermott on Fourth street. Metz was taken to his home this morning, where he will answer to several serious charges, including theft and forgery.

**Annual Praise Meeting.**—The annual praise meeting of the Woman's Home and Foreign Missionary societies of the First Presbyterian church will be held tomorrow at 2:30 p. m. in the lecture room of the church, at which time the thank offerings are to be brought in. It is expected Mrs. Fife, who soon leaves for India, will be present. It is hoped not only the members of the

society will be present, but all the ladies of the church.  
**Board of Education.**—The board of education last evening decided to let in January contracts for the addition of four rooms to the East End school building, a movement much needed, owing to the increased attendance. James Hague was appointed janitor of the West End building, vice C. Bright, resigned.

**Freshmen's Society.**—The freshmen of the high school yesterday organized the Utopian Literary society with the following officers: President, Carl Blackmore; vice president, Herbert Smith; secretary, Margaret Blythe; assistant secretary, Elizabeth Orr; ushers, Stanley Stevenson and George Viney.

**MILK DEALERS' CASE COMES UP TOMORROW**  
Distinguished Council Will Represent the Case at the Trial Before 'Squire Rose.

The case of the state of Ohio versus the four local milk dealers charged with selling adulterated milk, to come up for a hearing in the court of 'Squire J. N. Rose on Thursday, will be one of much interest. It will be bitterly fought and the outcome will be awaited with anxiety by those concerned.  
The prosecution will be in charge of Roscoe J. Mauck, attorney for the state, of Columbus, and a brother of E. W. Mauck, of this city. The defendants will be represented by Attorney W. F. Lones, of Wellsville. Attorney Mauck is one of the foremost lawyers of the state and will give the case a thorough airing.

### CHARGES NEGLIGENCE

**Salem Man Wants \$3,000 From His Employers For Personal Injuries.**

Lisbon, November 17.—(Special.)—The damage case of John Weber vs. the W. J. Clark company, of Salem, in which the plaintiff asks \$3,000 damages for injuries received while in the employ of the company, is being tried before the jury today. He fell through an open trap door into the cellar. His right arm was broken, his right shoulder dislocated, the elbow of his right arm sprained and bruised and his back wrenched. He says he is permanently injured and alleges negligence on the part of the company.

**Makes Gifts to Churches.**

Lisbon, November 17.—(Special.)—The will of the late Rosa A. Churchman, of Franklin township, has been filed for probate, and the application is set for hearing next Monday. She bequeathed to her husband three town lots and 438 acres in the town of Millport, at his death to go to Bella V. Brown. Legacies of \$50 each are to be paid to Trinity church in Center township, and to Bethesda Presbyterian church in Franklin township, after the husband's death. Andrew Binsley is named as administrator, not to serve, however, until after the death of the husband.

**Case Postponed.**

Lisbon, November 17.—(Special.)—The case of Hugh McNicol vs. the Pennsylvania company, which was assigned for hearing in court here yesterday, was passed yesterday.

### MORE THAN ITS QUOTA

**Columbiana County Has 139 Patients in the Insane Asylum at Massillon.**

Lisbon, November 17.—(Special.)—Judge J. A. Martin has just received the monthly report of Superintendent H. C. Eyeman, of the Massillon asylum, showing that to November 10 this county had 149 patients in the asylum, 43 in excess of its quota. Of these 10 were discharged on that date, leaving 139 patients from this county now in the asylum.

The following were discharged: Recovered, Mary C. Johnson, Thomas H. ardnar, Elias Stitt, James P. Sharp, William H. White, Elmer Henderson; improved, Mabel Arnold, Agatha Landahl, Austin Walker, Albert Strenton.

### An Up-to-Date Establishment.

Holloway's new drug store, Sixth street, has made many changes since the grand opening. The latest improvement was the installing of new electrical fixtures throughout the store, which are the finest in this section and which beautify the establishment. The large soda fountain will be placed in position within a few days, and from the design it will be one of the finest fountains as well as the most attractive ever brought to this city. The vast improvements this store is undergoing makes it second to none in this section of the state.

### Not Gambling Devices.

Huntington, W. Va., Nov. 17.—The supreme court of West Virginia has handed down a decision that slot machines are not gambling devices and that officials of municipalities have no power to stop their operation.

### Battle Creek Business Man Dead.

Battle Creek, Mich., Nov. 17.—Charles F. Book, one of this city's most prominent business men, died suddenly of lung trouble.

#### THE RUMMAGE SALE

Under the Auspices of the Ladies of the Y. M. C. A. Opens Auspiciously.

The efficient corps of ladies of the auxiliary of the Y. M. C. A. began their work today at the rummage sale in a store room on Market street, near Fourth. The ladies are making an earnest effort to aid the cause of the Y. M. C. A. in this city, and their work in behalf of the young men here have been eminently successful. Today, when the sale began it was evident from the interest and enthusiasm of the ladies in charge, and the large patronage, that the sale would bring a large amount for the Y. M. C. A.

The ladies in charge today were the president of the auxiliary, Mrs. W. W. Hamilton; Mrs. Pollard and Mrs. J. S. Wilson. Different ladies of the organization will have charge of the sale on different days. If at any time those in charge are notified by the Bell 'phone that some one will donate material for the sale it will be sent for promptly. An effort will be made also to have the Columbiana telephone put in the sale room also. The auxiliary is making arrangements to hold a very large pie and cake sale, previous to Thanksgiving day, when home made dainties of all varieties will be sold. The place of the sale will be later announced.

#### A Christmas Box.

The ladies of the First Baptist church met last evening and prepared a Christmas box to send to a missionary in Porto Rico. The contents of the box consisted of dolls and toys and articles of use which when presented to the foreign children in mission schools will be a great delight to them for Christmas.

#### In Honor of Missionaries.

In honor of Rev. Elmer Fife and wife, late of Boise City, Idaho, who are shortly to go to India, to engage in missionary work, Mr. and Mrs. Ira Eells, of Thompson avenue, this evening from 8 to 11 will entertain the Ladies' Missionary society of the First Presbyterian church.

#### Ladies' Aid Society.

The Ladies' Aid Society of the First Baptist church will meet on Thursday afternoon for the purpose of sewing. The society is making considerable progress in their quilting work and making of comforts.

#### Whist Club Meeting.

## HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

**A Thousand Wanted**—At the Y. M. C. A. last evening it was decided to put forth every possible effort to increase the membership to 1,000 before the close of the year.

**Mayor's Report Ready**—Mayor Weaver will submit his report for the month of October to council this evening. It will show that he collected \$205 during that month for fines and licenses.

**Must Be Obeyed**—Mayor Weaver has ordered the police to see that the awning ordinance is strictly obeyed. Many complaints have been registered during the past few days and the chief executive intends to see that no violations are committed.

**Wanted in West Virginia**—James Metz, of Benwood, W. Va., was arrested last night by Constable Polly, of Benwood, and Officer McDermott on Fourth street. Metz was taken to his home this morning, where he will answer to several serious charges, including theft and forgery.

**Annual Praise Meeting**—The annual praise meeting of the Woman's Home and Foreign Missionary societies of the First Presbyterian church will be held tomorrow at 2:30 p. m. in the lecture room of the church, at which time the thank offerings are to be brought in. It is expected Mrs. Fife, who soon leaves for India, will be present. It is hoped not only the members of the

society will be present, but all the ladies of the church.

**Board of Education**—The board of education last evening decided to let in January contracts for the addition of four rooms to the East End school building, a movement much needed, owing to the increased attendance. James Hague was appointed janitor of the West End building, vice C. Bright, resigned.

**Freshmen's Society**—The freshmen of the high school yesterday organized the Utopian Literary society with the following officers: President, Carl Blackmore; vice president, Herbert Smith; secretary, Margaret Blythe; assistant secretary, Elizabeth Orr; ushers, Stanley Stevenson and George Viney.

## MILK DEALERS' CASE COMES UP TOMORROW

Distinguished Council Will Represent the Case at the Trial Before 'Squire Rose.

The case of the state of Ohio versus the four local milk dealers charged with selling adulterated milk, to come up for a hearing in the court of 'Squire J. N. Rose on Thursday, will be one of much interest. It will be bitterly fought and the outcome will be awaited with anxiety by those concerned.

The prosecution will be in charge of Roscoe J. Mauck, attorney for the state, of Columbus, and a brother of E. W. Mauck, of this city. The defendants will be represented by Attorney W. F. Lones, of Wellsville. Attorney Mauck is one of the foremost lawyers of the state and will give the case a thorough airing.

## The Reason Why Shoes Are Not Repaired.

A great many people do not have their shoes resoled because they have never been able to wear them after being resoled, and the reason for this is nine out of ten cases is because they were not properly repaired. We use nothing but the best of leathers, and have a shoemaker—not a cobbler—who understands his business thoroughly. We charge you top notch prices but you get everything you pay for. Try our repairing department ☐☐
